School reopens on April 29th.

May 6

School closed for Bank Holiday.

May 24

School closed for elections

Dear Parents/Guardians,

We have had a wonderful March. We have had Seachtain na Gaeilge, St.Patrick's Day and World Book Day! We have some wonderful videos and photos of all our events on our Facebook and Twitter pages. Check them out if you haven't seen them already. We have announced the Ennis ETNS X factor, where pupils can sing or play an instrument to showcase their talents. We can't wait!

Principal's Corner

- We've had a wonderful month here at Ennis ETNS. Our rehearsals and video for 'Shotgun' as Gaeilge were probably my highlight.
- First Round Applications for September 2019 have closed, and offers have been sent out. If there are children looking for places for September, applications will be considered on a First Come, First Served, basis. If you have accepted a place for September, we will be in touch in Term 3 to arrange a school visit and meeting.
- As we come towards the end of Term 2, we reflect on a wonderful first 2 terms and look forward to the final busy term! A reminder to really focus on punctuality and attendance in this last term as we prepare for our moves to the next class. There will be standardized testing early in Term 3, we will send out an information booklet for parents in the lead up.

Important Announcement

Assisted Learning Class for Children with Autism

There are a few remaining places for September 2019. Applications are available from info@eetns.ie or by calling 065 682 007

STEM (Science, Technology, Engineering, Maths)

We look to prepare our pupils for the changing world ahead and develop their skills in growing areas. We look to foster creativity, ingenuity, team work and experimentation with our STEM learning. Here are some examples:

Imagination Playground

Designed to encourage child directed free play and creativity.

Lego

We had a Lego building contest. Everyone in the school participated and the creations were excellent.

Experiments

Pupils were investigating how magnets work and how they attract and repel.

To see more photos of our wonderful learning, check out our Facebook page

www.facebook.com/enniseducatetogether

Attendance

Congratulations to our Infant Class who had the most improved attendance in January!

They enjoyed the class party they had to celebrate.

Punctuality

Our Punctuality Drive was a huge success where pupils got stamps for being in the line at 10 past 9. We saw improvements in every class and hope to see it continue. Congratulations to Mairead's class who were the overall winners.

In the Community

'Let's Cook' with Liam Lewis

Next Tuesday is the final session in our Let's Cook series. Parents and students enjoyed cooking together. There was pizza, Caesar salad, vol au vents and more!
