The school is looking forward to the provision of hot meals for all children from September '21. Standardised testing has been completed.

Many thanks to our parents for their cooperation with traffic management and our covid procedures. Thanks for supporting good attendance particularly for the month of June. The children are now lining up for and being escorted to the bus on safety grounds.

The school has received playground stencil markings, from Clare Sports Partnership, which will help us enhance our play areas. Our recent Active Week was thoroughly enjoyed by all. The various activities included: Hurling, The Cube Challenge, Basketball with the Clare Comets' coaches, Futsal, Hockey coaching, Staff vs children basketball match and a Sports Day in Gleninagh. Thanks to all who took part and helped out and created a wonderful carnival atmosphere.

The Board of Management are looking to ensure all families pay the administration charge which includes book rental, workbooks, art and craft supplies, child insurance and photocopying. The board would like to thank the various outside bodies and personnel who have worked and contributed to the school this year.

Finally, a big thank you to all our staff and parents who made their best efforts to support and keep safe all the children during this difficult year.
